MINING

UTILITIES

Technical Specifications

LED Light	6x40W Flood Lights
Solar Panel	3x265W
Battery	150Ah lead-acid battery
Tire and Rim	175/70R 13 - 13/5J
Stabiliser Supports	3x Manual
Operation function	Time control/Auto switch ON/OFF Plus manual operation
Controller Model	PWM Solar Charge Controller
Operating Time	28 Hours
Charging Hours	11 Hours
Mast Raise/Extension	Manual
Safety	Manual Lock
Mast Height	5 Meter (optional)
Noise Contamination	Zero Level
Mast Tilt	Optional
Coil Cable	4sqm
Wind Rating Speed	100km/h
Length x Width x Height	(Stowed)4500mm x 1500mm x 2150mm
Length x Width x Height	(Deployed)3350mm x 3050mm x 5000mm
Weight	588 KG
